INVESTOR PITCH DECK

Section 1: The Problem

5.2 million Pakistani SMEs have no access to affordable legal help.

- Lawyer in Lahore/Karachi charges PKR 5,000–50,000 per hour
- Basic contract review costs PKR 15,000–30,000
- NDA drafting costs PKR 10,000–25,000
- Most freelancers go without legal protection and get burned
- Structural gap in a 220 million person market

Cost of Legal Help in Pakistan Today

Hourly Lawyer PKR 5k–50k	Contract Review PKR 15k–30k	NDA Drafting PKR 10k–25k	Court of AI \$0–\$99/mo All-inclusive

Diagram 1 — User Journey

Section 2: The Solution

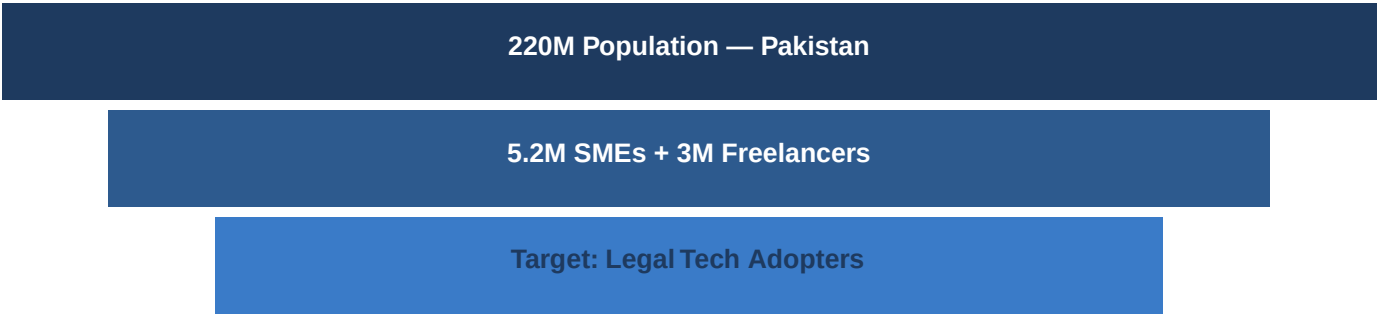

Court of AI is an AI-powered legal platform for Pakistan (Urdu + English) that provides instant, affordable legal assistance to SMEs, freelancers, lawyers, and startup founders.

- Analyzes contracts in 30 seconds (not 5 days)
- Drafts legal documents in minutes (not days)
- Gives structured legal guidance citing specific Pakistani law
- Costs 1% of traditional legal fees

Diagram 2 — How It Works

Diagram 3 — Market Size Funnel

Section 3: Target Audience

Segment	Use Case	Market Size
Freelancers (Upwork/Fiverr)	Client contracts, NDAs, payment protection	3M+ in Pakistan
Small Business Owners	Supplier contracts, risky clause detection	5.2M+ SMEs
Lawyers	Fast contract review, auto document drafting	120,000+ advocates
Startup Founders	Co-founder agreements, SECP docs, investor contracts	50,000+ startups
E-commerce Sellers	Privacy policies, terms & conditions	2M+ sellers
Real Estate Professionals	Lease review, purchase agreements	Large market

Section 4: Product Features

1. AI Legal Advisor (NEW)

Describe situation !' structured legal brief with Pakistani law citations

3. Contract Comparison

Upload two contracts, AI scores both and recommends best

5. AI Legal Chat

Streaming Q&A in Urdu + English

7. Template Library

15 Pakistan-specific legal templates

9. Legal Calendar

Monthly view of all contract deadlines

11. Statutes Reference

16+ Pakistani laws with key sections

8. Deadline Tracker

Auto-extract deadlines from contracts, email reminders

10. Case Law Search

Supreme Court, High Courts, Federal Shariat Court

12. Clause Library

Save and reuse approved clauses

14. PDF Report Export

Download formatted contract analysis reports

16. Bilingual (Urdu/English)

Full RTL Urdu support throughout

Section 5: Business Model

Plan	USD Price	PKR Price	Key Limits
Free	\$0	PKR 0	3 contracts, 5 chats, 1 doc
Starter	\$49/mo	PKR 13,750/mo	25 contracts, 50 chats, 10 docs, Clause negotiation
Pro	\$99/mo	PKR 27,750/mo	100 contracts, 200 chats, 50 docs, Comparison, 3 team members
Team	\$299/mo	Unlimited	Unlimited everything, 10 team members, Custom templates

Unit Economics

Target gross margin 85%+ | Avg legal savings per user: PKR 80,000–200,000/year

Section 6: Competitive Landscape

Feature	Court of AI	Pakistani Lawyer	LegalZoom	ChatGPT
Cost	\$0-\$99/mo	PKR 5k-50k/hr	\$39-\$299/mo	No legal expertise
Speed	30 seconds	2-5 days	1-3 days	Fast but generic
Pakistan law	Built-in	Yes	US-focused	None
Urdu support	Full	Yes	English only	Limited
Contract analysis	Structured	Expensive	Slow	No structure
Legal Advisor brief	Included	Per hour	No	No citations
Deadline tracking	Auto	No	No	No
Free plan	Yes	No	No	Yes (no legal)

Competitive Advantage:

No direct AI legal competitor exists in Pakistan. This is a blue ocean market opportunity.

Section 7: Technology Stack

Framework	Next.js 14 App Router, TypeScript
AI	Anthropic Claude (claude-sonnet-4-20250514)
Database + Auth	Supabase (PostgreSQL + Row Level Security)
Payments	Stripe (monthly subscriptions + billing portal)
Email	Resend (reminders, onboarding, upgrade confirmation)
Security	RLS on all DB tables, encrypted at rest, no cross-user data access

Section 8: The Ask

Use of Funds

1. User acquisition & marketing (Pakistan)
2. E-signature integration
3. JazzCash/EasyPaisa payment gateway
4. Lawyer marketplace development
5. Mobile app (iOS + Android)
